When you need maximum power and total safety, Alkota's All Electric pressure washers fit the bill. They deliver uncompromising performance in conditions where space is tight and open flames are out of the question. Whether the job site is a manufacturing facility, food processing plant or chemical plant, our All Electric units give you big power and a good night's sleep. With a small footprint, rugged construction and none of the smoke or hazardous emissions you'd expect in a gas or oil fired unit, these pressure washers keep your operation running clean and safe. And they give you the durability and ease of use only Alkota can deliver.

If you need to move, this washer goes your way with optional wheel kits.

Call us today and find out which model is the right fit for you.

FEATURES

- Belt drive, oil bath pumps, ceramic plungers
- Easy access controls
- Precise chemical metering
- Stainless steel immersion heaters
- Stainless steel float tanks
- Standard temperature control
- 240/460 Volt, 3 phase power
- Easy grip trigger gun
- All models except 108 available UL approved
- 4308XP - Explosion proof is available

ADVANTAGES

- Completely powered by electricity
- No open flames
- Minimal noise
- No smoke or fumes
- Small space requirements
- Wheel kits available
