FEATURES

- Engineered with triplex oil bath pumps designed for rugged use.
- Easy access operator controls.
- Precise chemical metering, stainless steel float tanks.
- Pressure atomizing burner coupled with a cold water wrap coil provides a highly efficient heating system.
- Industrial strength 1-1/2" tube frame.
- Motors range from 6-1/2 HP to 16 HP.
- All models available in X4X series with stainless steel wrappers.
- All models belt driven.
- All models available UL approved.

ADVANTAGES

- Four tubed pneumatic wheels for portability.
- Use where power is not available.
- Nine efficient models to choose from.
- Automatic ignition standard.
